“ Carol, my deepest sympathies to you and your family. You have been blessed to have a man by your side in your years of ministry who supported, loved and assisted you in many ways. I pray that Bob is at peace and that in time, you will find peace as well as you travel this path of grief. Know you are in my thoughts. Blessings, Mary Drake

“ There are too many memories to share about this man. The biggest is that he was one of the kindest, sweetest and loving men I knew. He took time to listen to you, smile and and laugh. We will miss Uncle Bob and let him know we all love him. Prayers to Aunt Carol. Our hearts and love is with you during this time. We love you.
