“ Aunt Marie I love you and think of you often.

*I remember so many fun times that you sponsored and things you did to help me. There were the visits to y'all's house that were the special times of my childhood. I remember once you bringing in a coin book and several hundred pennies for David, Doug and me to look through, inviting me to a birthday party for David or Doug so that I would be exposed to other kids, the wonderful lunches/dinners that you fixed— always with the delicious green beans, the ice cream makings on the front porch, the cold drinks in the anodized aluminum glasses, gifts like six gun cap pistols, a frontier fort with soldiers and Indians, a cattle truck with two brown cows (embarrassingly I stole a black one from Doug or David so that my truck would have a full load), the off-to-college gift of a samsonite suitcase, some really nice dining table linens as a wedding gift, a super soft blue blanket for baby Jonathan and so much more.*

*Am sure you recall my first at-fault auto wreck. It occurred when I was about five after I played in your 1950 Mercury and didn't put it in gear before I got out. There was a lot of excitement and some screams from the adults on the porch as the car rolled down across the drive, missed the big oak, and was stopped by the fence on top of the cattle watering tub.*

*I wish I had done more good stuff for you.*

*Wishing you the best.*

*Love,  
Anthony*
